This permit is valid for open burning as allowed and specified in Minn. Rules pts. 7005.0705 to 7005.0805, MS 88.16, Minn. Uniform Fire Code, and local ordinances. The permittee is granted permission to burn the above described materials at the specified location during the dates and times listed above.

I attest, by my signature, that I have read and will comply with the conditions of, and any attachments to this permit; and that I am the landowner or have permission of the landowner to burn at the above burn site location.

This application for open burning can be accomplished in accordance with the conditions listed on the reverse side. The recipient of the permit shall comply with all state and local laws regarding open burning including obtaining the required permits. The applicant also understands that, if the fire at the above address gets out of control and the Hugo Fire Department responds to the above address, the applicant may be charged for part or all of the expense to extinguish the fire.

LOCAL APPROVAL FOR OPEN BURNING

This permit application is submitted with the knowledge and recommendation of a local fire authority or local governmental authority having jurisdiction where the burning is to be conducted. Any burning conducted under this permit request would be in accordance with DNR regulations and would not violate local ordinances.

PLEASE SEE REVERSE SIDE FOR FIRE SAFETY AND AIR QUALITY REQUIREMENTS

THIS PERMIT IS LIMITED TO THE FOLLOWING CONDITIONS:

FIRE SAFETY AND AIR QUALITY REQUIREMENTS

AGREE:

- Not to burn if winds are greater than 10 M.P.H.
- That prevailing wind must be away from nearby occupied buildings.
- To keep this fire under control and assume responsibility for all damages and costs that may result from burning done under this permit.
- To attend this fire until completely extinguished
- Not to burn if there is a practical alternative method for disposal of the material such as chipping or composting.
- To use a clean burning device to start the fire.
- Not to conduct burning during any air quality alert, or burning ban.
- Not to burn paper or cardboard except as provided under Minnesota Status 17.135.
- To extinguish the fire immediately if this permit is revoked.
- To have this permit available at the burn site for inspection.
- That fires will not be allowed to smolder without flame.

PROHIBITED MATERIALS ARE: oils, rubber, plastics, tires, and chemically treated materials such as railroad ties, treated lumber, composite shingles, tar paper, insulation, composition board, sheet rock, wiring, paint, hazardous and industrial solid waste.

VIOLATIONS OF PERMIT CONDITIONS MAY SUBJECT PERMITTEE TO CRIMINAL AND/OR CIVIL ACTIONS

REUSE, RECYCLE, AND COMPOST

The burning shall be conducted as far away as practical from any highway or public road and controlled so that a traffic hazard is not created.

The burning shall not be conducted within one mile of any airport or landing strip, unless approved by the Director.

The recipient of the permit or his authorized representative shall be present for the duration of any fire authorized by the permit.

Prior notice shall be given to Washington County Sheriff of the time, Permit number, and location of any fire authorized by the permit.

Any fire allowed by this permit shall be extinguished within four (4) hours of a public announcement by the Minnesota Pollution Control Agency that an air pollution alert, warning or emergency exists. Such burning SHALL CEASE until a similar announcement terminating the alert, warning or emergency.

This permit is subject to revocation at the discretion of the Director, a DNR Forest Officer, the local fire authority or the permit issuer if:

- a) A reasonable, practical method of disposal of the material is found.
- b) A fire hazard exists or develops during the course of the burning; or
- c) Any of the conditions of the permit are violated during the course of the burning.

Other reasonable conditions the permit issuing authority may impose. _____
